## Pharmacy Part B Utilization Management

Each Drug on the list will have a PA applied that will follow the original Medicare guidance from the Medicare manual Pub. 100-02, Chapter 15, Sec. 50 Drugs and Biological. This guidance will assist Medica Holding company determine if a drug covered for payment is “reasonable and necessary” from Pub. 100-16, Chapter 4, Sec. 10.2 Basic Rule. The Health plan will review medications from Chapter 15, Sec 50 Drugs and biologics that is based on Pub. 100-16, Chapter 4, Sec. 10.16 For Medical Necessity (42 CFR §422.112(a)(6)(ii)). Medica has established written standards for policies and procedures (that explains coverage rules, practice guidelines, payment policies, and utilization management) that allow for individual medical necessity determination. The policy and procedure for which the standards are explained are “Utilization Management in absence of NCD or LCD.” In addition, the Policy and procedure, “Policy and Procedure for Medical policy Committee development”, is the procedure that is the framework for the Medical Policy committee to review Medicare Part B drugs when the FDA approves new to market medication for which a prior authorization is applied to determine a drug is “reasonable and necessary” for payment.
